SOUVENIR

KOSHIHIKARI

Clear and refreshing taste

The environment of Okuhida, with its large temperature difference between day and night and cold temperatures during the harvest season, makes it an ideal place to grow Koshihikari rice, which has achieved a high eating quality. The rice is sold as "Ougon no Kirameki" (golden sparkling rice) with a taste score of 85 points or higher.

Ougon no kirameki

5kg ￥4752

2kg ￥2200

MILKY QUEEN

Sticky and glutinous texture

Milky Queen with a eating quality score of 80 or higher is marketed as "Otome Gokoro". It is an improved variety based on Koshihikari. This type of rice is called "low-amylose rice" and is characterized by its resistance to hardening even when cold.
